- Pour les sites que tu contrôles, utilise GSC.
- Pour les autres, écris aux webmestres.

## 1. ENLEVER MON NOM DES LISTES

Soumettre des demandes pour "opt out" des listes des principaux courtiers de données:

- Agences de crédit (Equifax, Transunion)
- Courtiers de profils de consommateurs ([Acxiom](#), LexisNexis, Epsilon...)
- Annuaire (Canada 411, Pages Jaunes...)

... ou payer un service comme DeleteMe pour le faire à ma place:

The screenshot shows the DeleteMe website interface. At the top left is the DeleteMe logo, and at the top right is a location selector showing 'CA'. The main heading reads 'Save More With Our Best Value and Most Popular DeleteMe Plans'. Below this are three tabs: 'Single', 'Couple', and 'Family', with 'Single' selected. The 'Standard Protection' plan is highlighted, featuring a list of benefits: removing unlimited aliases, previous names, and email addresses; enhanced privacy tools like email and phone masking; custom removal requests plus automated services; and email, chat, and phone support. The price is listed as CA\$14.33/month, billed annually (CA\$172.00/year). A 'Start Protection' button is visible, along with a note that the service is for Canada residents only and automatically renews unless canceled.
